Testimonial for East Park Avenue Talent Consulting

I have worked very closely with Mark Wojcik during the years that he has served as a training consultant for Greenheck and a prior company he helped. Mark excels in training others in his expertise of recruiting. He exhibits one of the highest levels of customer service to the employee I have seen in a trainer during my tenure in Human Resources.

Mark possesses the ultimate "can do" attitude while taking on all training contracts with a positive energy and a smile. His upbeat personality and engaging personal style enable him to interact effectively with executives, managers and team members. He is very well organized and keeps track of the details necessary to coordinate training classes and run an efficient program.

Proactive in anticipating rising recruitment and training needs, he takes initiative to go beyond the expected parameters of his service. After his class, my employees were energized and wanted more.

All the intangibles that lead to success in a training provider are in order with Mark. I volunteered to write this testimonial because I am incredibly grateful for his contributions to our team and confident that his communication style and rapport will add value to yours.

Please feel free to contact me if you have any questions about this reference.

Sincerely,
